ALKON VISIPRO RACK PROTECTOR

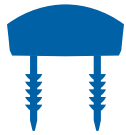

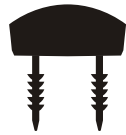

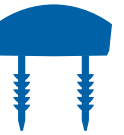

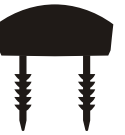

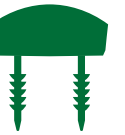

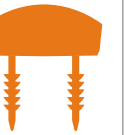

- ▶ Low Purchase, installation and replacement cost.
- ▶ Effective in temperatures as low as -30° degrees.
- ▶ International Design Registrations.
- ▶ Offers exceptional performance in rack protection.
- ▶ Helps in reducing forklift damage to rack.
- ▶ Improves work place safety.
- ▶ Does not Rust.
- ▶ Made from high visibility fluorescent yellow plastic with shock absorbing high density foam insert.
- ▶ Water proof and chemical resistant.
- ▶ Fits directly to the rack upright, eliminating the need to drill into the floor at the rack upright in use there by saving expensive repairs cost to the floor caused by conventional floor fixings in the event of impact.
- ▶ VISIPRO column protector is 500mm tall but can be easily doubled in height by adding a second piece.
- ▶ The Specially designed fastener clips make installation quick and easy without the use of any additional tools.
- ▶ They not only help prevent rack upright damage they also help prevent subsequent redundant pallet locations saving a warehouse operation considerable expense.
- ▶ The slim fit design means there is absolute minimum bay and aisle intrusion so as not to reduce any safe working clearances.
- ▶ Designed after the careful study of a **TURTLE SHELL** structure which is known for its rigidity and shielding capability from predators.
- ▶ The **TURTLE SHELL** is also known for their strength toughness and endurance.
